

Training course for endoscopic full-thickness resection using the FTRD System

Southampton General Hospital,
Tremona Road, Southampton SO16 6YD

Monday 12th October 2026
(9.30am-4:00pm)

PROGRAMME OVERVIEW

The key objective of this one-day course is to enable centres to offer endoscopic Full Thickness Resection (eFTR) procedures, formerly only carried out by surgery. Training will include clinical considerations in patient selection and post procedure care along with ample opportunity for 'hands on' practice with porcine models. Existing UK centres will also share their experiences with the introduction of this new procedure and their first patients.

Continuing Professional and Personal Development (CPD) accredited
