

Capsule Endoscopy Study Day

The Clermont-Charing Cross, The Strand, London, WC2N 5HX

Friday February 13th 2026

(9:00am-5:00pm)

PROGRAMME OVERVIEW

The key objective of this course is to support users to develop their existing practice and to understand the clinical applications of capsule endoscopy. "Hands-on Practice" in pathology recognition and reporting will be available to get the most out of your software. The course will also offer discussions for practice in patient preparation and post procedure care. Furthermore, all attendees will be able to view the latest technological developments from IntroMedic, Korea.

Certified as conforming to continuing professional development principles and accrues 5.5 CPD points.
